Summary: LATE FILED. On January 12, 2001, Judy Peck, State Regulatory Relations Administrator for Sempra Energy (Sempra) participated in an all-party meeting with Cmmr. Lynch in San Francisco. Also present were: Kerry Hattevik, advisor to Cmmr. Lynch; Joy Yamagata, Regulatory Case Administrator, Sempra; Yole Whiting, Director of Consumer Programs and Services, San Diego Gas & Electric Company; Frank Spasaro, Demand-Side Management manager, Southern California Gas Company. Whiting expressed her appreciation for the flexibility Cmmr. Lynch provided in her alternate. Referring to ways to increase the MW reduction produced by the Program Year (PY) 2001 Energy Efficiency Programs, Whiting recommended that the utilities be allowed to provide additional services to large commercial and industrial customers which they cannot offer under current rules. Whiting also suggested that the utilities have the flexibility to revise incentive levels to respond to market conditions. With regard to certain natural gas energy efficiency programs excluded from the PY2001 budget, Spasaro explained that there are many program opportunities, but with the limited "public goods" budget and multiple objectives, not everything could be included in the PY2001 proposals. Spasaro stated that the additional monies that might be made available from the State's General Fund could be used to fund additional cost-effective programs.
